

SELECT profilesID, name, tel, age, birthday FROM profiles WHERE profilesID = 3;

The screenshot shows a MySQL command prompt window titled "XAMPP for Windows - mysql -u kosuke001004 -p". The prompt is "MariaDB [Challenge_db]>". The user has entered the query "SELECT profilesID, name, tel, age, birthday FROM profiles WHERE profilesID = 3;". The output shows a single row with the following data:

profilesID	name	tel	age	birthday
3	鈴木 実	080-5566-7788	24	2000-12-24

The output also includes the text "1 row in set (0.00 sec)".
